YUXINOU RAILWAY SHIPPING PROCEDURE

FCL transportation process

Booking: booking by the customer; after receiving the booking, the customs port and customer number will be notified, the loading requirements and precautions, and the time of the class will be cut off.

Trailer: The customer provides the loading time, and the driver's information is given to the factory one day before the loading.

Customs declaration: After loading the cabinet, the factory will send the picture of the loading cabinet and the customs declaration information and the accompanying documents (ie the shipping list).

Follow-up start: Follow-up trains are opened, and the number of trains provided to the corresponding trains is displayed after the exit, and the status is tracked.

Follow-up to the station: You can provide the customer's mailbox, the railway system will periodically ship to this mailbox to inform the station where the station is.

Collection and delivery: Before the train is dispatched, the train can be delivered after the train is opened. After the goods arrive at DIT (the station in Duisburg, Germany), we will provide the ATB file to the customer, and the customer will send it to the foreign agent. The customs broker will change a T1 file at the destination port, and the T1 file will be available for the counter.

In Chongqing, the train to Duisburg, Germany, the whole journey of 16 days, the time is faster than the sea, the price is lower than the passenger transport can provide GPS tracker, 24-hour tracking container location information.
