A banner image featuring a large orange and white locomotive on a railway track. In the background, several blue and white shipping containers are visible. The sky is dark and cloudy. The banner includes the Sunny Worldwide Logistics logo in the top left corner, the title 'RAILWAY TRANSPORTATION' in large white letters, and three key service points: 'QUALIFIED', 'COOPERATIVE', and 'STREAMLINE MANAGEMENT'. A blue text box at the bottom contains a personal message from Libby.

YUXINOU RAILWAY SHIPPING PROCEDURE

FCL transportation process

Booking: booking by the customer; after receiving the booking, the customs port and customer number will be notified, the loading requirements and precautions, and the time of the class will be cut off.

Trailer: The customer provides the loading time, and the driver's information is given to the factory one day before the loading.

Customs declaration: After loading the cabinet, the factory will send the picture of the loading cabinet and the customs declaration information and the accompanying documents (ie the shipping list).

Follow-up start: Follow-up trains are opened, and the number of trains provided to the corresponding trains is displayed after the exit, and the status is tracked.

Follow-up to the station: You can provide the customer's mailbox, the railway system will periodically ship to this mailbox to inform the station where the station is.

Collection and delivery: Before the train is dispatched, the train can be delivered after the train is opened. After the goods arrive at DIT (the station in Duisburg, Germany), we will provide the ATB file to the customer, and the customer will send it to the foreign agent. The customs broker will change a T1 file at the destination port, and the T1 file will be available for the counter.

In Chongqing, the train to Duisburg, Germany, the whole journey of 16 days, the time is faster than the sea, the price is lower than the passenger transport can provide GPS tracker, 24-hour tracking container location information.

Informazioni aziendali

FOUNDER SAID

Ricky Chan

Chose Sunny Logistics

I (Ricky Chan) came to Shenzhen after my graduation in the summer of 2010. I chose Sunny logistics cause I was an international trade major which was related to logistics industry.

In October of 2010, I got an air shipment of 5000kgs goods to USA, which was a complicated case faced a lot problems. This shipment was so urgent cause our customer needed to change new suppliers suddenly due to the bad quality of the original suppliers, and he needed the goods as soon as possible to open his store.

Solve The Problem

I needed to collect the goods from suppliers and shipped them as one shipment to Oakland USA. Here came the problems. First of all one supplier needed to refund their own taxes, one needed to borrow customs declarations document, and the last one needed to obtain Power of Attorney for their items. What's worst, products from Dongguan supplier were electronic toys required CE certificates and battery reports for shipping. I helped to solve these problems one by one. On October 20 the day before 2 days of the flight arrival to USA, all the customs clearance documents were sent to our USA agent directly and they made appointment with the truck driver for delivery in advance. Finally, on October 23, the goods was delivered to the customer's door address on time. After that I get a friend who will visit me in Shenzhen when he came to China.

Air Transportation

When I think of this friend, I will be more determined to keeping going on this way in my career, taking the importance of service-oriented as my work concept. I treat each customer seriously and patiently. Moreover, we have been providing such above service to our customers always who are from various countries around the world , and we will keep that service now and future. If you need high requirements for air transportation and service, and if you are also the man who is willing to make friends, please contact us the energetic and experienced team handling your goods easy and safe.
